MEMBERSHIP APPLICATION/RENEWAL FORM

Form can be mailed to above address, emailed, or phoned in

WE NEED YOUR SUPPORT!

The meat processing industry needs a voice to lobby government to improve our position and you can help by becoming a member of the Association. By keeping our industry viable and strong it can only in turn be beneficial to your business.

It is important to know that government decisions are determined on the number of businesses the decision will impact. So the greater the number of members the better chance a decision is made based on our input.

Company _____
